## SPORTS PLANS ARE OUTLINED

A second meeting to discuss  
ways and means of instituting a  
community recreation program  
was held in the council cham-  
bers Monday. The meeting was  
addressed by Deputy-Reeve W.  
E. Brandon, chairman, of the  
York county education com-  
mittee, Deputy-Reeve Horace Purdy,  
secretary of the same committee,  
and Reeve Hugh Griggs, county  
commissioner. The three men de-  
scribed a leadership training  
course which had been tried out  
in their municipalities along the  
lakeshore and which had been  
designed to provide leaders for  
such a program as has been dis-  
cussed for Newmarket.

Following their remarks, there  
was a lively discussion of what  
was needed for the town in this  
line. H. E. Gilroy, president of  
the Newmarket Lions club, said  
that the club had been planning  
a recreation program for school  
children during the summer  
months. While still in obedience  
to his committee's decisions, Mr.  
Gilroy said that he felt there  
would be no opposition from the  
club in starting such a program.  
The plans of the club received  
hearty endorsement from the  
meeting.

Dr. L. W. Dales was in the  
chair and in the course of his  
remarks stated the need for a  
community council to handle  
such plans as the meeting were  
discussing. "A community coun-  
cil could plan for a living mem-  
orial to honor our returning  
servicemen and women which  
would be of real service to the  
community," he said.

## RED CROSS DANCES NET \$605 IN SEASON

The last Red Cross dance of  
the season was held Friday eve-  
ning in the high school auditorium  
and was the usual success. Every-  
one reports a most enjoyable  
time. Art West's orchestra sup-  
plied the music.

The members of the entertain-  
ment committee of the Red Cross  
who sponsor these dances are as  
follows: pres., Mrs. A. J. Cody;  
sec., Mrs. E. L. Pritchard; treas.,  
Mrs. J. H. Morris; committee,  
Mrs. T. Leach, Mrs. G. E. Case,  
Mrs. C. S. Gilbert, Mrs. J. O. Lit-  
tle, Mrs. E. Robinson, Mrs. R. D.  
Brown, Mrs. C. H. Best, Mrs. M.  
Carter, Mrs. C. Blackstock, Mrs.  
C. E. Blodale, Mrs. W. A. McCaf-  
frey, Mrs. A. Molyneux and Mrs.  
E. J. Galbraith.

The committee thought it might  
be interesting to the public to  
know just how much has been  
accomplished by this group of  
ladies. The dances from Nov. 1  
to April 20 this season have net-  
ted a total of \$605.39 which has  
been turned over to the Red  
Cross. Since this committee was  
formed in May, 1940, a total of  
\$2,830.84 has been raised. This is  
a real credit and satisfaction  
to those ladies for such a splen-  
did amount of money has brought  
much comfort to many of our  
boys who are fighting for our  
freedom.

The members of the committee  
give much of the credit for the  
success of the dances to the high  
school band, Principal J. W. Lock-  
hart and Mr. Hewson, the care-  
taker.

# Nazi Flying Bomb Declared Murderous By Pte. Stan. Keetch

The flying bomb is a devilish  
invention, Pte. Stanley Keetch,  
whose wife and son live on  
Charles St., said this week in  
telling some of his experiences  
overseas. "The flying bomb is  
not war, it is murder," Pte.  
Keetch recently returned after  
five years and three months  
overseas with the R.C.A.S.C. He  
is on a 30-day leave, reporting to  
Toronto when the leave is up.

Pte. Keetch said that when a  
flying bomb passed overhead,  
less than 2,000 feet in the air,  
the vibrations caused by its pas-  
sage were sufficient to knock  
china off the shelves. He said  
that he had seen craters dug  
by the explosion of a "flying  
telegraph pole" which were at  
least 30 feet deep and 60 feet  
wide.

"Antwerp was bombed by  
these robots all the time but not  
once was the harbor area hit,"  
he stated. "In flight they seem-  
ed to have a long tail of fire  
streaming from them. You  
didn't hear the flying telegraph  
poles, they travelled faster than  
sound. The others, the ones  
with wings, did the most dam-  
age. They would level a whole  
block."

He told of seeing the flying  
telegraph poles or rocket bombs,  
being launched at night. "They  
shoot directly up with a long  
fire stream behind them until  
they are out of sight," he said.

Pte. Keetch declared that the  
food shortage was most serious  
in the formerly occupied coun-  
tries. "I have seen workmen go-  
ing on the night shift with only  
a sandwich of black bread and  
boiled cabbage to serve as sup-  
per," he said. "The black bread  
tasted like sawdust. For coffee,

they were served a mixture  
made out of ground black barley  
which tasted awful. The Ger-  
mans charged the Dutch 300  
guilders, or \$75, a pound for but-  
ter, tea or coffee."

Pte. Keetch said that he had  
subscribed to two Victory Loans  
while in Europe and that the  
servicemen bought as many  
bonds as they could.

He saw Percy and George  
Myers while in Holland. He  
said that Percy Myers had been  
in a motor accident and was hos-  
pitalized but not seriously hurt.  
The accident occurred when a  
truck being driven by Percy  
crashed into an English truck.

Pte. Keetch was driving a ten-  
ton ammunition truck while in  
Europe. He landed in Normandy  
and followed the Canadian  
forces through Belgium and Hol-  
land and into Germany. He was  
driving in Germany when given  
his leave. He expressed admiration  
for the Dutch and Belgians  
but felt that the French in Nor-  
mandy were more concerned  
over their property than with  
the success of the invasion. "The  
French changed, though, as we  
got inland," he said.

He had high praise for the  
English for the way they stood  
up under the blitz, especially the  
women munition workers and  
ambulance drivers. "I used to  
drive through London at night dur-  
ing the blitz and I would see  
these women air raid wardens  
and ambulance drivers digging  
in the ruins and saving lives  
even while bombs were still fall-  
ing about them," he said. "The  
munition workers never left  
their jobs even in the worst of  
it."

# D-DAY EFFORT OF AIRBORNE TOLD TO LIONS

A description by Major Edward  
Clayton Fuller of the work done  
by the Sixth Airborne Division in  
the invasion of France and the  
fighting after was the highlight  
of the Lions club military night  
on Monday. Major Fuller was  
with the Sixth Airborne when  
they dropped into France the  
night before D Day and he gave  
a graphic description of just what  
it feels like to parachute into  
enemy territory at night.

The Lions club had as its guests  
officers and new.c.o.s of No. 23.  
Lieut. Col. Newton M. Young,  
officer commanding the camp,  
and Major A. H. Adams, second  
in command, were seated at the  
head table. Other guests from  
the camp were Major L. Menzies,  
Capt. H. Peeters, Capt. T.  
George, Capt. D. B. Caswell, Capt.  
Hugh McLean, Lieut. F. White,  
Sgt. Major Johnson, Sgt. Major  
Walford and Sergeants Flood,  
Stewart, Halley, Jones, Rankin  
and Comrie. Ernest Wright and  
H. L. Trapp were also guests.

Wm. Geer reported that three  
children had had their tonsils out  
at the expense of the Lions club  
and R. C. Morrison reported that  
his committee was handling five  
eye cases, two of which to be  
operated on. President H. E. Gil-  
roy announced that the Lions  
club Ladies' Night would be held  
at Pickering College on Friday,  
June 22.

Before telling of his experien-  
ces, Major Fuller spoke of the  
Eighth Victory loan. "I under-  
stand from a public opinion poll  
in this district that the main  
motive for buying bonds is patri-  
otism. There is nothing I can  
add to that except to say that  
your boys overseas have a right to  
the support you can give them  
through victory bonds."

Major Fuller is a Toronto man  
who went overseas in 1939 and  
in 1943 transferred from the Tor-  
onto Scottish to the Canadian  
Parachute Battalion. "Contrary  
to popular belief," he said, "the  
Germans were the first to think  
of airborne troops. In the early  
1920's they encouraged glider  
work and jumping. The Russians  
refined the technique and brought  
it to large scale activity. Britain  
was not interested but after the  
invasion of Crete by German air-  
borne troops, the British govern-  
ment passed an appropriation for  
the formation of airborne troops.

"In the early spring of 1942,  
Canada decided to form a para-  
chute battalion. The battalion  
trained at Fort Benning, Georgia,  
and at Camp Shilo in Manitoba.  
The Canadians went overseas in  
1943, just before Christmas.

"The Canadians were made a  
part of the Sixth British Airborne  
division and trained with them.  
I have felt that it was a great  
honor and privilege to work with  
the British. They did everything  
to help us.

"We were told that our first  
operation would be a jump into  
France. Tension grew as we pro-  
ceeded with our training. Finally  
at the end of the second week  
in May of 1944 we were shown  
plans for the D Day invasion. A  
few days later we moved into  
concentration areas near the air-  
dromes where we would take off.  
We flew in C47 transports which  
had a crew of five men and took  
20 parachutists.

"The two weeks before June 6  
we studied scale models of the  
district where we were going to  
land. We were briefed those two  
solid weeks. On June 2, we went  
to the airfield to meet the crews  
of the planes in which we were to  
fly. The airfield was Canadian,  
Australian and English. They  
gave us every bit of co-operation.

"Back at our camp we still  
didn't know the date of the op-  
eration and we were all very tense.  
On June 4 we were told we would  
be flying that night. All the men  
were warned. We checked our  
equipment and had supper. Then,  
at the last moment, the operation  
was called off. The weather was  
not thought suitable for our  
jumping. On June 5, the weather  
was better and that night we  
took off. The first plane roared  
down the landing field at 11:02  
p.m. There were 80 planes in our  
group. We crossed the coast near  
Southampton. There were planes  
everywhere in the air. It was  
hard to believe there was room  
for them all. We could see all  
sorts of activity on the ground.

"Our big fear was flak. We  
carried no guns and had escorting  
fighters to protect us but our big  
enemy was the flak. We crossed  
the French coast at 1,000 feet and  
(Page 12, Col. 4)

# Confidence In Air As Eighth Victory Loan Gets Underway

LOAN RESULTS APRIL 24		
	OBJECTIVE	TOTAL
Newmarket	\$360,000	\$31,550
East Gwillimbury	\$175,000	\$17,800
North Gwillimbury	\$80,000	No Results Yet
Georgina	\$70,000	No Results Yet
Sutton	\$90,000	No Results Yet
Whitchurch	\$165,000	\$22,150

Under the chairmanship of  
Aubrey Davis, chairman of the  
North York county Eighth Vic-  
tory Loan committee, a pre-  
campaign banquet was held at  
Pickering College Friday night.  
Rev. Patrick Mahoney, padre of  
the Black Watch Association and  
Imperial Women's Veterans' As-  
sociation, was the guest speaker.

One hundred and seventy-five  
district representatives and sales-  
men sat down to dinner at the  
college. Seated at the head  
table were Squad-Ldr. Gordon  
B. Ough, D.F.C., Newmarket;  
Mayor Ross Linton, Aurora;  
Lieut. Col. Newton M. Young,  
commanding officer of No. 23;  
Mayor Dr. L. W. Dales, Newmar-  
ket; Rev. Henry Cotton, Newmar-  
ket; Mr. Davis; Rev. Mahoney;  
FO Gilbert Whitmore, Rich-  
mond Hill; PO J. G. Teasdale,  
Newmarket; Warden Fred A.  
Lundy, Newmarket; Capt. the  
Rev. W. D. Muckle, D.D., New-  
market.

"As the success of your efforts  
increases as the campaign goes  
on, I look forward to the Eighth  
Victory Loan going over the top  
in fine style," Mr. Davis told  
the gathering. He read a letter of  
regret at his inability to attend  
from J. M. Walton, Aurora, who  
has played a large part in past  
Victory Loans.

Rev. Cotton outlined the plans  
of the Lions club to hold a "big  
night" at the camp drill hall as  
part of the loan campaign. Ad-  
mission to the show will be by  
victory bond receipt only.  
Tickets will be sold for a raffle  
of victory bonds at the show.  
"Norman Rawson will be the  
guest speaker," Rev. Cotton said.  
"He has recently returned from

Europe and will be able to give  
an up to the minute description  
of what is going on over there."

Rev. Cotton paid tribute to the  
late President Roosevelt and two  
minutes silence was observed by  
the gathering. "The passing of  
President Roosevelt is a greater  
loss than the loss of a major  
battle. His passing leaves a gap  
in our ranks," he said.

Turning to the loan, Rev. Cot-  
ton said that after victory in Eu-  
rope, two problems will still  
confront the Allies, the defeat of  
Japan and the winning of the  
peace. "The Japs are tough," he  
said. "It will require all of our  
efforts to defeat them."

Rev. Cotton said the Canadian  
bomber groups, given an objec-  
tive of \$1,000,000 in the Eighth  
Victory Loan, had subscribed 160  
percent of their objective before  
the loan had even opened.  
"Those boys fly through hell by  
day and by night yet they can  
oversubscribe their loan objec-  
tive. They do their bit in the  
fighting and they do more than  
their share in the loan."

Rev. Mahoney said that he was  
conscious of a feeling of confi-  
dence about the outcome of the  
loan. "There is a spirit of en-  
thusiasm that I have not noticed  
in past loans," he stated. "This  
loan will be a real success."

He urged that politics, and all  
differences be submerged in the  
effort to make the Eighth Vic-  
tory Loan campaign, the most  
successful loan in history.

"I have every confidence that  
we will be successful," said Mr.  
Davis in conclusion. He thanked  
Joseph McCulley, headmaster of  
Pickering College, for his hospi-  
tality in making the college  
available to the gathering.

# No. 23 Determined To Set New Victory Loan Record

The soldiers of No. 23 are out  
to smash another victory loan  
record now that the eighth loan  
is under way. If previous drives  
for this all-important cause can  
be taken as an indication of what  
to expect, then the present rally  
will more than go over the top.  
The camp objective is \$82,000  
and official circles are highly  
confident this will be attained  
with very little difficulty.

Last fall the seventh loan estab-  
lished a record for the camp.  
With a \$43,000 quota, personnel of  
the centre subscribed for nearly  
triple the amount, a sum of  
\$110,000 or 242 percent of the  
quota. This was a wonderful  
achievement and for the out-  
standing effort, Maj.-Gen. Potts,  
commanding officer of M.D. 2,  
presented the flag of the chief of  
general staff to the camp for the  
best effort in the military district.  
It was the second occasion the  
flag was awarded to Newmarket  
in a year.

Officials in charge of the eighth  
loan are Maj. A. H. Adams, chair-  
man of the committee, and Lieut.  
E. White, sales manager. The  
committee includes Capt. Oshorne,  
Lieuts. Shaw, Bishop, Yeats, Ken-  
nedy and H. O. A.; Sgt.-Major  
Johnson and Hughes; Sgts. Bell,  
Jones, McDonald and Cpls. Frank-  
lin and Ronson. Total sales as of  
Wednesday noon are 234 applica-  
tions for \$17,400.

The latest rally opened with a  
gala dance in the drill hall Mon-  
day night. This jamboree was  
staged with the kind permission of  
the commanding officer, Lieut.  
Col. Newton M. Young. No admis-  
sion was charged. Coffee and  
doughnuts were served free dur-  
ing the course of the evening.  
Over 1,500 were in attendance and  
from general remarks, everyone  
enjoyed the affair immensely. Un-  
doubtedly another dance will mi-  
neralize before the close of the  
victory loan.

The camp was appreciative of  
the efforts of the members of the  
Newmarket Ladies' Citizens Com-  
mittee. They did a grand job as  
hostesses. The camp's loan com-  
mittee under Major Adams was to  
the fore as well, helping to make  
the evening a success. Lieut.  
White was master of ceremonies.  
Music was provided by Max Doug  
and his orchestra.

## CONFIDENCE IN THE LOAN

There is a noticeable feeling of confidence in  
the outcome of the Eighth Victory Loan cam-  
paign. It suggests that there will be an over-  
whelming answer in this district to the govern-  
ment's need for war finances. It would be only  
fitting. Even as this is written we are momen-  
tarily expecting word of the capitulation of  
Berlin, or the juncture of the Russians in the east  
and the Americans in the west, or even the joint  
proclamation from our war leaders that Germany  
is through. It is only reasonable that the con-  
fidence and optimism with which we at home  
await word of victory should extend to our  
effort in the Eighth Victory Loan.

Remember, however, the words of Maj. Edward  
Clayton Fuller, speaking before the Lions club  
on Monday night. Maj. Fuller defined victory as  
that time when every Canadian soldier has re-  
turned to Canada and is employed, when every  
Canadian soldier who has been disabled is receiv-  
ing the best of care, when the work or rehabilita-  
tion is finished.

It is to accomplish the victory that Maj. Fuller  
seeks that our money is being borrowed by the  
government. No matter how confident we may  
be of the outcome of the war, do not let us be-  
come so confident that in our acceptance of vic-  
tory on the field we falter in the pursuit of that  
final victory which Maj. Fuller, as every Canadian  
soldier, is fighting for.

## 25 YEARS AGO

From The Era and Express files,  
April 23, 1920

On Wednesday evening the nurses  
and hospital staff of the military  
hospital had a social evening in the  
assembly hall. Refreshments were  
provided by the Newmarket Red  
Cross Society.

While working in the bush on  
Saturday Alf Hart had three ribs  
broken.

On Tuesday evening a meeting  
was held in the Board of Trade  
rooms of the committee appointed  
by the board of trade and the  
town council to consider the ques-  
tion of house shortage. The matter  
was discussed for two hours. It  
was decided to insert in the two  
local papers the plans submitted by  
J. E. Wilson to ask for applications  
from the citizens who are desirous  
of purchasing homes similar to the  
plans and at the cost stated there-  
in.

Uriah Marsh has purchased the  
farm on the west side of Queen  
St., south of Shanon, belonging to  
Mr. Kitley. The farm consists of  
70 acres. Mr. Marsh's son, who  
served overseas, will work the  
farm this summer.

The stores will close for the  
Wednesday half-holiday on the first  
Wednesday in May and will con-  
tinue to do so until October. The  
three banks have also decided to  
close at one o'clock for a similar  
period.

Eggs were the principal commod-  
ity on the market last Saturday  
and were inclined to drop in price.  
Butter still continues high and  
potatoes took a jump of another  
\$1 a bag.

Mrs. Wm. Jeffery, Bond Head,  
was honored at a farewell party  
before leaving for her new home  
in Newmarket. A sister of J. A.  
Sharpe, Mrs. Jeffery has purchased  
a home on Timothy St.

Frank Marritt of Keswick was  
in town on Tuesday on his way to  
Copper Cliff, New Ontario, where  
he is to do some experimental farm  
work for the Ontario government.  
Mrs. M. Kennedy, Newmarket,  
announces the engagement of her  
daughter, Annette (Netta), to Thos.  
J. Wallace, Detroit, Mich., the  
marriage to take place Wednesday,  
April 23.

MARRIED—At the Methodist  
parsonage, Newmarket, on April  
20, 1920, by Rev. W. L. Lawrence,  
Mr. Wesley Wm. Rye to Miss Laurel  
Warriner, both of Keswick.

## 50 YEARS AGO

From The Era and Express files,  
April 26, 1895

Those interested in the reorgan-  
ization of a Hunt club in New-  
market are requested to meet at  
Mayor Lloyd's office at 8 o'clock  
next Saturday evening.

A lot of youngsters were pad-  
dling in the creek last Saturday  
evening.

W. R. Mann's house on Pros-  
pect Ave. has had a new coat of  
paint.

The assessor for Newmarket  
has his roll already to return to  
the clerk. Compared with last  
year there is little change, the  
total value of real property being  
increased \$15,900 but the personal  
property is decreased \$300. There  
are 378 persons between 21 and  
69 years of age, an increase of  
four, but there is a slight decrease  
in the total population owing, no  
doubt, to the closing of the north  
end tannery and a few families  
moving away. The children be-  
tween 5 and 21 last year were  
577, this year 540. During the  
past year there were 37 births  
and 16 deaths. The total popula-  
tion is not quite 2,100.

The annual petition for water-  
ing Main St. will be presented to  
the council at its next meeting.  
Last year it was watered as far

## In Passing

The Newmarket blood donor clinic had its  
3,000th donor last Friday, some measure of the  
extent of the effort made by the women and Red  
Cross workers in Newmarket and district. The  
doctors who lend so much of their time when  
they have so little, the donors who so freely give,  
of their blood, the women who work so faithfully,  
all deserve the heartiest of congratulations on a  
good job, well done.

The Progressive Conservative party has pub-  
lished an announcement urging the next of kin to  
keep their men overseas as well informed as pos-  
sible about the issues and candidates in the forth-  
coming provincial election. The suggestion loses  
in its altruism when it becomes apparent that in  
the space reserved to write the names of the  
candidates in the riding, there is room for only  
one name, presumably that of the Progressive  
Conservative party's candidate.

The San Francisco conference of United  
Nations opened April 25. The object of the con-  
ference as defined by the United States secretary  
of state, Edward Stettinius, is as follows: "It is  
not a peace conference. It will not deal with  
boundaries or reparations or questions concerned  
with the disarmament and control of Germany  
and Japan."

"Its purpose is to prepare a charter of a world  
organization to preserve the peace in the near  
future which can be submitted to member nations  
for adoption."

Unlike most meetings of its nature, the one  
held Monday night to discuss ways and means of  
instituting a community recreation program re-  
sulted in definite promises of action. A recrea-  
tion program for the children of the town is  
planned by the Lions club this summer. The  
meeting was given that assurance by the Lions  
president, H. E. Gilroy.

While without the scope that was hoped for,  
the plans of the Lions club are a definite start in  
the right direction. It is hoped that every effort,  
in the club and without, will be made to make  
the project a success, for on its success depends  
the possibility of a full scale community recrea-  
tion program which would include everyone, and  
not just children, in future years.

north as Roadhouse's corner.  
There is some talk of extending  
the watering as far north as the  
depot.

Engineer Warren raked and  
cleaned up the market square last  
Friday, giving it a very tidy and  
respectable appearance. About  
15 cents worth of paint on the  
market scales would set the  
ground off to advantage.

There was a big market crowd  
in town last Saturday and the  
streets and stores had a lively  
appearance. Eggs and butter  
were the chief commodities on  
the market and the ruling prices  
were nine cents a dozen and 14  
cents a pound. Potatoes were  
plentiful from 50 cents to 60 cents  
a bag.

N. N. McDougall moved into  
Mrs. Bowden's house on Monday  
at the corner of Niagara and  
Tecumseh Sts.

MARRIED—At St. John's  
church, Oak Ridge, on Wednes-  
day, April 17, 1895, by Rev. E.  
Horace Mussen, M.A., William  
Thomas Harper, Oak Ridge, to  
Miss Mary Avalina Thompson of  
Whitefish.

## RACE 'EM, CHASE 'EM TALAGOOOS

By ORVILLE GANTON

The announcement that a  
group of local sportsmen, headed  
by the mayor, is about to or-  
ganize a sports revival is pleas-  
ing news to all red-blooded sport  
fans. In view of this fact it  
might be interesting to study  
why the old town slipped from  
its former rating as one of the  
most aggressive sporting towns  
in Ontario to its present state of  
doldrums. However, a careful  
analysis might help us avoid the  
same mistakes again.

That Newmarket once was a  
superlative sporting town, cap-  
able of developing outstanding  
athletes in every branch of  
sport, the records clearly bear  
out. Our memories go back to  
old established families such as  
the DoYLES, KELLYS, EPWORTHS,  
McHALES and many others who  
organized and played on hard-  
hitting teams for the sheer love  
of the game. The DoYLES, a fam-  
ily of keen sportsmen, are held  
in the highest esteem by lac-  
rosse followers throughout the  
entire dominion. Beside being  
outstanding players they were  
honored by being elected to the  
highest offices of the Canadian  
Lacrosse Association.

Since the days when the old  
maestro, Mike Hall, caught be-  
hind the bat bare-handed and  
tossed the ball as high as the  
Christian church steeple, New-  
market always enjoyed good  
hardball until this present  
drought set in. We never found  
it necessary to import players.  
The Howards, Pepplatts, Coch-  
eours and other local lads pro-  
vided front rank amateur city  
league teams with top-notch op-  
position. In later years the  
town industrial league was form-  
ed when every man and his dog  
wended his way to the fair  
grounds to see those bitterly  
fought finals between the tan-  
nery and Specialty.

In far-flung years a visitor to  
the fair grounds almost any eve-  
ning would have found the sports  
field a hive of activity. The  
intermediate lacrosse team would  
be working out around one net  
while the junior Talagooos were  
boring in and laying on the wil-  
low at the other end. Big Jack  
Weir could be heard as far as

Mulock's Corners coaching the  
ball team as he knocked out  
fungoes. The football team would  
have their posts sunk some-  
where, while the Rev. McGonigle  
and his cricketers in their ice  
cream suits would be holding  
batting practice or serving tea  
down in a corner pitch. Doad  
Wilson might have been seen  
training on the track for a race  
with Tom Longboat or some of  
the track stars of yesteryear.  
Under the willow trees a number  
of the boys might be found in-  
dulging in a friendly little game  
of cards. In later years the  
Sportsmen's Association held  
some very successful sport pag-  
ants in celebration of dominion  
day.

Can we boast of any such pro-  
gram today? What is the reason  
for this great decline in sporting  
spirit? Is it the motor car, or  
professionalism creeping in or  
the result of two long wars?

In my next article I will at-  
tempt to analyze this question.  
In the meantime we hope to  
interview some of our leading  
sportsmen. I would appreciate  
receiving the opinions of any  
interested readers. Address your  
opinions to Sports Survey, care  
of The Era and Express.

## LEAVE THE DISHES!

By GOLDEN GLOW

The other day one of the early  
morning broadcasters said he had  
received a letter criticizing him  
severely for putting on his pro-  
gram two songs, Leave The  
Dishes In The Sink, Maw, and  
Cocktails For Two, saying they  
were bad for the young people.  
I don't know anything about the  
latter so we may as well leave  
it out, unless somebody who does  
know wants to comment on it.  
But Leave The Dishes In The  
Sink being condemned struck me  
as being awfully funny—that it  
would get a young woman into  
the bad habit of not washing the  
dishes!

I hear snatches of these modern  
songs occasionally over the air  
but they go in one ear and out of  
the other—they are not the songs  
we sang in my younger days so  
I do not bother. That particular  
one, however, struck me as being  
pretty cute and catchy, as well  
as appropriate at this particular  
time. I wonder if I can recall the  
chorus: something about leaving  
the dishes because we are going  
to celebrate.

The verse goes on about calling  
in the neighbors to help them  
celebrate, for they had just got  
word their soldier boy would get  
home that evening. There was  
cider in the cellar and cheese and  
bologna in the refrigerator and  
they'd tell somebody or other to  
bring his fiddle and call off so  
they could dance.

We'll have to admit it isn't a  
classic—maybe it isn't uplifting,  
but the sentiments certainly are  
"grand and beautiful". I think  
it must have been someone who  
had a grouch when women ob-  
jecting to it. What is that picture-  
que word you young people in-  
vented not so long ago that des-  
cribes it perfectly—oh dear, what  
can I recall that one word—let  
me think—oh yes (should I say  
oh yes?)—I have it and it's a  
honey of a word, "sour puss".

You young folks with your mod-  
ern catch words keep me guess-  
ing—I was so dumb I had to have  
it explained to me that anyone's  
puss meant their face and that  
you were not referring to a pussy  
cat and a sour puss was what we  
used to call a "cross patch". Now

that word was picturesque a  
quarter of a century ago but I  
don't suppose the younger gener-  
ation ever use it!

Well here I am, quite getting  
away from the subject, but then  
what more need I say about it?  
I do not think many of us would  
say that the modern song, Leave  
The Dishes In The Sink, would  
inculcate lazy habits in young  
women. The broadcaster, the  
announcer, I should say, didn't  
comment on the letter but I  
fancied he was rather surprised  
and taken aback. I guess the  
writer would condemn that other  
one too—Don't Sit Under The  
Apple Tree With Anyone Else  
But Me Till I Come Marching  
Home. But she surely couldn't  
find any fault with the one about  
the homesick soldier writing to  
his mother to say how he missed  
her apple pie. Maybe she would  
think he put the apple pie ahead  
of his mother and that would  
condemn that song—"Maw, I  
miss you apple pie and Maw, I  
miss you too!" Well, I give up.  
I guess I can't think of a modern  
song that might suit her.

What about "Roll out the bar-  
rel—we'll have a barrel of fun",  
no I guess that won't do either!  
Well here's one—or is it? Maybe  
mentioning me hanging up their  
washing might give the modern  
young woman an idea when you  
boys come home that you can do  
your own laundry work. Remem-  
ber, "We'll hang our washing on  
the Siegfried Line. If the Siegf-  
ried Line's still there?" We  
must not encourage young folks  
to get wrong ideas in their heads  
about leaving the dishes in the  
sink or the boys doing their  
washing. The modern song writ-  
er will have to mend his ways!

I wonder if that person who  
wrote in with her criticism would  
tell us exactly what she does  
think? I bet she has nobody con-  
nected with the war effort in any  
way. What do you think? All the  
same I'd like to know her choice  
in a song, a modern song, one  
that we could all join in when we  
have that popular entertainment,  
a sing song. We'll never know  
for we may never find out who  
she was unless she writes to me.  
Oh wouldn't that be just too  
much fun—I wish she would!

This begins to assume the pro-  
portion of a quiz contest. Find  
an appropriate song!—here's a  
another. "Where oh where has  
my little dog gone?" No, that  
won't do either, for the very  
thought engendered by the car-  
toons suggests sausage and the  
dachshund, that dog with the long  
body and the very short legs!  
"Where is my wandering boy to-  
night?" is what is in the heart of  
half the world—the title only, not  
the song, for maw seems to be so  
disorganized that letters are few  
and far between and nobody

medical and vitamin products used in  
a far northern mining town with a  
doctor friend just returned from a

small we used about twelve thousand  
dollars worth of vitamin products in  
a year," he is told by a friend be-  
non-existent. "We asked him about  
the vitamin he used. "Where em-  
plies had to be chosen with such care  
I kept only one vitamin on order  
and I made a point of ordering the  
best. We used Sloan's because it is  
the stronger, quicker-acting, more  
efficient vitamin. Up there we  
needed it, too!"

### FOOTPRINTS

There are many ways in which  
people of many lands and from  
time immemorial have read char-  
acter or professed to read the  
future by the lines of the hand, by  
hand writing or by the bumps on  
one's head.

The Bible has its witches and  
soothsayers and every other land  
from Egypt down had and has its  
diviners, magicians, witch doctors  
and spiritualists. But, although  
footprints are just as individualistic  
as palms, one never hears of  
predictions made from footprints.

And yet Longfellow, in a poem  
most of us learned in school and  
which has become trite from being  
recited by aspiring and perspiring  
elocutionists through the years, tells  
us that:

Lives of great men all remind us  
We can make our lives sublime.  
And departing leave behind us  
Footprints on the sands of time;

Footprints that perhaps another,

knows where their loved ones are,  
the war has reached such a fast  
and furious pace!

I am writing this Sunday p.m.  
—I started yesterday and you all  
know what wonderful news today  
has brought! And the world con-  
ference at San Francisco opens  
on April 25, in fact it will be well  
on the way before this gets into  
print. And how can I foresee  
what may happen before then?  
Well it begins to look as if I'll  
not have to write many more  
overseas letters. Hasten the day  
of your home-coming! So cheer-  
io—we women are doing our best  
to help in every way possible,  
believe me!

Sailing o'er life's solemn main,  
A forlorn and shipwrecked brother  
Seeing, may take heart again.  
Those lines have been in my mind  
and heart ever since the tragic  
news of President Roosevelt's death  
struck a blow that was felt round  
the world.

I do not suppose that many of  
us ever dreamed that the death of  
a man most of us had never seen  
would leave us with such an over-  
whelming sense of loss.

Before radio we would not have  
felt so but we had all heard, often,  
that warm, reassuring, convincing  
voice taking us into its speaker's  
confidence, putting us straight on  
vexed questions, speaking out for  
the rights of the down-trodden,  
lashing out with indignation at the  
cruel and oppressors and through  
it all a little vein of humor to  
light up some drab duty.

We can understand Mr. Church-  
ill's feeling for him by his tribute  
to his memory in the House of  
Commons.

One can hardly imagine two men  
more different in personality yet  
their friendship underneath their  
working co-operation was built on  
the fundamentals which supported  
both in their almost overwhelming  
tasks.

Both had a deep, abiding and  
protective love of their countries  
but with this was a love of their  
fellows men of all races, creeds and  
colors in all the world.  
Appression and cruelty roused in  
them a strong determination to  
fight the authors of violence. Both  
had been prophets without honor  
in their own countries, for both  
forsook the war but could not  
rouse their peoples to see the  
advance of the enemy.

## DOWN THE CENTRE

The bells toll for two former North York athletes killed in action. Mr. and Mrs. James Cochran of Milliken have been notified of the death of their eldest son, Lieut. Jimmy Cochran, M.C., who was killed in action while serving with the Oxford and Bucks regiment of the British army on March 24. Jimmy was that sunny-faced, curly-headed lad who played short-stop for Richmond Hill Roses in the York-Simcoe softball league and won the hearts of the fans with his sparkling play and fine competitive spirit. He enlisted with the Queen's Yorks in 1942, going overseas shortly after D-Day. He took part in three airborne invasions, including France and the "battle of the Bulge", and for his gallantry in the former action was awarded the Military Cross. Besides playing for the Hill he performed with Unionville. Seems hard to believe that this gallant 27-year-old fellow will not be included in the post-war sports of the district.

Reported as a news story last week was the untimely ending of 31-year-old Walter Howe, who played a swell game of junior lacrosse for Aurora in the early 30's. A nephew of the famous Pete MacNeil, one of the province's best known home players in the national game, was fleet of foot, a tricky stickhandler and, while small of stature, always bore down on the opposing goal with breakneck speed, backing up from no one. He moved to Toronto following junior days and played briefly around Woodbridge after that. He leaves a wife and family. He is the third member of the Aurora Rangers of 1933 to pay the supreme sacrifice. L.-Cpl. Bruce Stiles and Pte. Wesley Heaney of the same team, both having died while in uniform.

Coach George Hart was killed in a train accident in the west and Trainer Jimmy Closs, who died of illness. There, in ten years, are five young Canadians, around 25

percent of those actively connected with the club, who have passed on. The lacrosse world also mourns the passing last week of the great athlete, Norman Cook, of Orillia. "Norm" died at the age of 51 following a year's heart illness. A veteran of the last war, Mr. Cook won fame both as a lacrosse and hockey player in his native town and later coached the famous Orillia Terriers in their quest for the Mann cup. He was also prominent as a referee in the O.H.A. C series against Aurora juniors. As an executive in the old Tri-County lacrosse circuit, he was known throughout North York and many a committee room squabble was settled by his astuteness.

It was Mr. Cook who gave Aurora the go sign on Bob Scott and also backed up the judgment of Charlie "Kid" Harman on Normie Woon's playing potentialities. Aurora got Scott but the Newmarket Redmen put the snatch on the Coldwater boy. Don Willson, Bucko McDonald, Ed Downey, Bill Wilkes and many more standouts in the sports front all benefited as a result of Mr. Cook's coaching. On the subject of lacrosse, the annual meeting of the O.A.L.A. was held in Hamilton last Saturday and not one of the old lacrosse strongholds in North York was represented by a delegate, a far cry from the days of Herb Lennox, Tom Doyle, Ernie Doyle, Frank Doyle and Charlie Querrie. Ben Collings, Tom Bell and those other old timers who always followed the district was well represented. Lacrosse could easily be sold to the present day youngsters if someone would just take a hold of it. The lacrosse moguls have nobody but themselves to blame for the gutted stick game being a semi-dead pigeon.

We recall one of the most stirring addresses we ever heard and one that sent us into sports at an early age being made by the great Joe Lally of Cornwall at Aurora public school. Mr. Lally made addresses in all the schools of the district and it wasn't long after that that clubs blossomed like murals after a rain.

From Burma comes word of FO Bob Lawrie, former ace wingman of Markham juniors in junior and intermediate O.H.A. Bob says he is living mostly on bully beef and dehydrated vegetables. He spent Christmas day in shorts, sleeps in a tent, gets no papers or radio news (they must be close to the little brown brothers) and at the time of writing was awaiting the monsoon season. A far cry from ice hockey, turkey, cranberry sauce, music, dancing and the family circle that most of us enjoyed Christmas past. He doesn't care too much for the natives either.

Acc Yake, one of our stardusts on the overseas mailing route, writes in late March from Belgium where he has been on a diet of hospital and convalescence and vice versa for some months.

He reports having seen Fred Hodge, former goalie for Oak Ridges hockey club, and Norm Foster, one of the aces of the Aurora Cycling club in peacetime days. He says "the names in your column seem strange these days and I often wonder what has become of all the boys who played sports in Aurora and Newmarket in the 30's when war was a three letter word only with no meaning to most of us. You mention many of them from time to time and it is good to hear about those you remember best of all."

Acc takes a dim view of the way the hockey is being carried on back here except among the kids. After reading it I felt like mailing him that Maple Leaf hockey advertisement which appeared in the Toronto dailies. The words "over age" and "student" brought a wry smile to many of the boys in the service to whom, if they had so chosen, the same quota might have brought exemption from service. The Leafs need no defence from this corner in view of the decisions on discharges reached and proved by the lads themselves as well as turn-downs by the army. Their record is as good probably, if not better, than any other club in pro hockey.

We admit it seems highly illogical that they can play hockey at top speed and still be a 4F, but the facts speak for themselves and who are any of us to question the decisions made? However, you can't stop people from thinking, or gossiping either.

Our thanks to "Oldtimer" who wrote to us after reading the dope on Tommy Harrington, the lad with one eye who is likely to make the grade with Chicago Black Hawks. He points out several names we forgot to mention. Included are Leo Reise of Hamilton Tigers-Quebec Bulldogs, Snooper Trushinski of Kitchener and Johnny Brackenborough of Hamilton Tigers. It was Brackenborough who really brought the matter of one-eyed players to a boil. "Oldtimer" points out, as the game little Harrington forward was accidentally clipped in the eye by Dr. Lou Hudson of Toronto Varsity-Granites fame.

Since writing about Harrington last week we learn his eye was injured as a result of being struck by a bow and arrow during one of those childhood cowboy and Indian games. We omitted to say also that Harrington had once made as many as 12 scoring points in a single season, a fact which needs no additional comment.

Golf balls are being belted about these days at the Aurora club and Summit, as well as elsewhere but pity the poor English golfers. Used balls as well as new ones are bringing roughly as much as \$2.50 each in Blighty right now. Golfers even are buying whole sets of equipment in order to get some of the little white pills to play with. The old country gave us the game, perhaps some of the Canadian golfers could help them to continue it by sending over some of the balls in use here.

Earl Cook, according to a story emanating from Stouffville, has smoked the pipe of peace with Pete Campbell and Harry Davis of the Toronto baseball club and will report for action when the club comes in Toronto on May 2 next. Cook is getting the seedling of a 200-acre farm at Lemonville and has been warming up back of the stable and reports the old sodbone in good form. If he makes

### LOCAL MARKETS

Butter was 40 cents a pound on the local market on Saturday morning. Eggs were 30 to 35 cents a dozen.

Hens were 28 cents a pound and roasting chickens 40 cents a pound.

### TORONTO MARKETS

Butter, creamery solids, No. 1, was 34½ cents a pound on the Toronto markets on Tuesday. First grade creamery prints were 36 cents a pound.

Country dealers were quoted on graded eggs, on a cases free, delivered to Toronto basis, as follows: grade A large, 34 cents; grade A medium, 32 cents; and grade A pullets, 27 cents a dozen.

Nominal prices to the shipper on poultry were: spring broilers, over 1½ pounds, 30 cents a pound; fowl, all-weights, 26 cents a pound.

Weighty steers were \$11.75 to \$13.25, butcher steers \$11 to \$11.25, butcher cows \$7.75 to \$10, canners and cutters \$5.50 to \$7.50, bulls, \$8 to \$9.50, fed yearlings \$11.75 to \$13.50, light stockers \$8.50 to \$10.25.

Calves were \$15 to \$15.50, with a few tops at \$16 for choice, with common vealers downward to \$8. Lambs were \$15.50. Sheep were \$3 to \$7. Hogs were \$18 for grade A dressedweight, \$17.50 for grade B1. Sows were \$15.

the grade it will be his 15th season in organized ball but already the Leafs appear to be fairly well stocked with hurlers and just what Earl can add is doubtful. Here's wishing him luck however.

Cpl. Allistair Cameron didn't set the world on fire last Thursday in the running of the famous Boston marathon but he did make a highly creditable showing considering the odds, a strange course, a long trip and a limited experience in the bunton sport. Cameron finished 19th with the time of 3:00.52 for the 26 miles and 385 yard course. The winner was 37-year-old Johnny Kelly of West Acton, Mass., who scored his second win. Kelly came home with a 600-yard lead over his nearest opponent in the fast time of 2:30.42, which, while good, is still nearly four minutes away from the course record. It was the 49th running of the beauntown marathon and attracted the usual big crowd.

If we recall rightly, Johnny Miles, Silas McClelland, both bluesoes, Sgt. Gerard Cote and Cliff Bricker were among Canadian runners to win the classic. First Canadian home this year and in fourth place was Scotty Rankine of Galt, now serving with the R.C.A.F. Four other Canadians finished ahead of Cameron making six in the first 20, not a bad showing for the Maple Leaf runners. Cameron will undoubtedly improve as he is only in his early 20's and so far as marathon running is concerned, age is relatively immaterial, as witness the 47-year-old Clarence Demar, seven times winner of the race over 20 years.

We congratulate the officials at Newmarket camp in encouraging Cameron in his effort and in seeing he got to Boston. Cameron has been under the tutelage of Lieut. Bert Ilfe and Milt Wallace, former

The homecraft display in the window of the Superior store is a credit to both the pupils of the senior room of the public school and their teacher, Mrs. Atcheson. Garden vegetables, tulips, forget-me-nots, lilacs in bud and all growing things survived last week's heavy snow storm and seem none the worse. The cool weather continues.

It was decided to send a letter to Mrs. Walton Whipple, wife of Walton Whipple, grandson of Mrs. J. H. Prosser. Mr. and Mrs. Whipple are missionaries to French Indo-China, now residing in the United States.

The members of the W.M.S. recalled with interest and profit the talk given by Mrs. Whipple at one of their meetings. A vote of thanks was extended to the hostess, Mrs. Pollock, who has been helpful with the missionary bala, among other things making quilt tops for it.

At the conclusion of the meeting a very delicious lunch was served. During the service a minute's silence was observed for the late Mrs. Mabel Willoughby, vice-president of the society, who had planned to lead the worship service.

The Era and Express may be purchased in Aurora at Home, Morning's, Whitelaw's and Willis.

## What every housewife should know...

## about SUGAR FOR CANNING

For tasty, nourishing and economical winter desserts, most Canadian housewives will again do some preserving this year . . . jams, jellies and all kinds of fresh fruits.

Sugar is still very scarce. We must continue to conserve our supplies.

This year, the allowance for home canning will be the same as in 1944—ten pounds per person. Be sure to use your ration sparingly.

### HOW TO GET SUGAR FOR CANNING

Instead of special home canning sugar coupons, twenty extra preserves coupons in Ration Book No. 5 are being made available for the purchase of sugar for canning.

These coupons are good for half a pound of sugar each or the stated value in commercial preserves, for they are the same as any of your preserves coupons.

You may use any other valid preserves coupons to

purchase sugar, also at half a pound each.

No exchange is necessary. Your grocer will accept any valid preserves coupons when you purchase sugar for canning.

There are now only two kinds of coupons for sugar. The regular sugar coupon, good for one pound of sugar, and the preserves coupon, worth half a pound of sugar.

### SUGAR FOR CANNING COUPON CALENDAR

#### USE ONLY AS REQUIRED

The twenty extra preserves coupons for sugar for canning will remain valid until declared invalid by the Ration Administration. You do not have to use them immediately. You will be given plenty of notice of their expiry date.

#### GUARD YOUR RATION BOOK

If you lose your ration book, the extra preserves coupons which have already been declared valid will not be replaced. It is up to each consumer to look after his or her ration book.

 university and olympic middle-distance star who is on the strength of No. 23.  
 Bradford softballers have beaten the gun on all male circuits in the district with an organization meeting. Four clubs are entered to date, Scotch Settlement, Bradford, Bond Head and Mount Pleasant. They are awaiting any other entries before drawing the schedule. Officers of the loop are: pres., Art Evans; sec., Bob Brown; treas., Mac Tobias. Any clubs seeking competition who have none handy could do worse than contact this up and coming crowd.  
 Remember what happened to Newmarket camp softballers in the M.D. 2 play-offs? If you don't, recall that North Bay put them on

unself in a surprise win at the gateway to the north. Well, Orillia camp, always the weak sister of military district sports, has landed several of the North Bay players including Art Trojan, the speedball king of the North Bay team. It could be Newmarket would get a bit of competition this year. Orillia has also secured a capable sports officer in the person of Capt. Doc Price, who played for Orillia Terriers in the intermediate Tri-County lacrosse association against Bradford and Richmond Hill. The boys at No. 23 would welcome an athletic awakening at No. 26 B.T.C.  
 Bobby Porter, ex-member of Toronto Maple Leafs baseball club, Balmy Beach footballer and ex-coach of St. Andrew's College rugby squad, is now located at Halifax, N.S., with the navy. Bob joined the tars after being discharged from the R.C.A.F. last fall and he will be playing with the navy baseball team in the Halifax senior league.  
 Art Upper, another former Toronto all-round athlete who also played professional briefly, is located in the Maritimes with the R.C.A.F. and will likewise do some ball playing.  
 Gordy Brennan, former Aurora hockey junior defence star of 1940-41 and some pumpkins as a soccer player, has been signed to play goal for Leaside United in the big league section of the T. and D. soccer district. Discharged from the navy and headed for St. Catharines and a busy season in softball and baseball is "The Voice" of the services hockey league, Lefty Wilson, who was generally acclaimed the best of the circuit netminders by one and all. Lefty is just as fine a performer on the diamond as the hockey cushion too.  
 This year due to a lack of proper playing material there will only be one entry in the Beaches fastball circuit from Toronto army and H.M.C.S. York. The entry will be known as York Depot and between the soldiers and the sailors they should have a team capable of extending the class's People's and Tip Top entries. You will doubtless

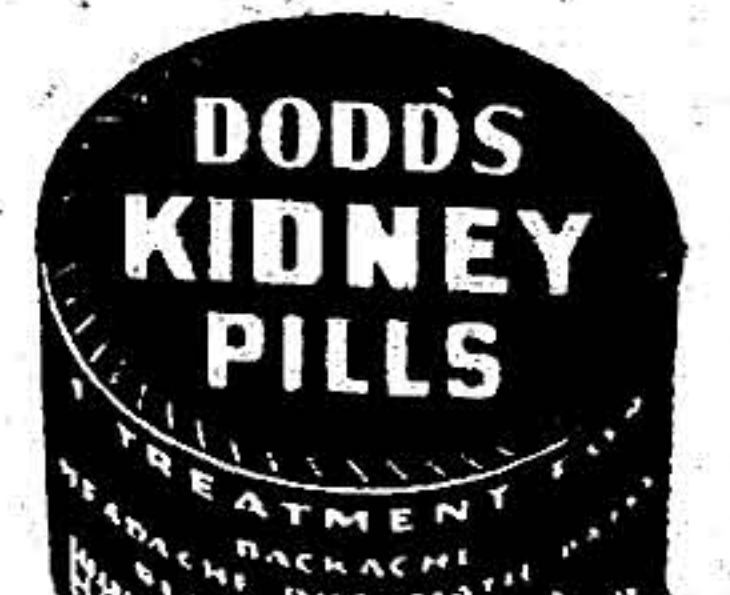

see them in action at Newmarket camp for sure on July 1 if no other time.  
 Norman Chatterley and all the lads have been returned to office for a second straight term at Richmond Hill bowling club and this enterprising organization has things well in hand for the coming season. They will have to go some, however, for the Newmarket Bowlers are really in high gear when it comes to tournaments and are booking entries for well into July. Already the doubles tournament booked for May 30 has attracted so many entries it has been found necessary to add another day to accommodate all who want to visit "the hub of North York". That sounds well both for playing conditions and home club hospitality. Both rate tops according to all we hear.  
 Midland has organized for baseball this summer and will have a nice, handy, four-club circuit right at home. Midland made a comeback in the O.A.B.A. last summer under the leadership of Herb Beauchamp and the four-club loop will enable the ship-building town to make a real comeback. Except for kid baseball in the district there will be no adult baseball clubs other than Newmarket camp.  
 John Stuart is getting high on his horse, The Sheriff, who is looming up in the trials as a real possibility for the King's Plate. The son of Bunty Lawless has added 200 pounds in weight and the trial charts are interesting to those who follow the sport of kings. The former Aurora boy has secured a competent jockey in the person of the youthful Chris Rogers to ride her in the big race.  
 Meanwhile Joe McCulloch, the ace steeplechase rider, is readying the four Stuart jumpers, and after the Woodbine they are booked to go to Belmont if the American tracks re-open as seems apparent now. Stuart has also pared his stables a bit, selling the plate entry, Second Act, to the Island stables, Isbriest to Joe Starr and Attracting to T. Frost. At fair prices too.  
 Fred Schelle of Gormley is reported as not in particularly robust health this spring and his good horse, Shepperton, is being readied for the races under Ed Convey, a veteran jockey who knows all the answers. There should be some great racing this year when Tuckamore and big Shep, along with the best of last year's three year olds, meet on the turf.  
 Lieut. Bob Bangay, former Marlham-Newmarket ace hockeyist, at last reports was stationed at Debert camp, N.S., and is expected to proceed overseas with the infantry in the not too distant future. Brother Nick Bangay, once with Canadian troops in Italy, is thought to be in action in Germany now.

"There will be a demand for every pound of Grade A and Grade B poultry meat that can be produced in Canada in 1945," says a statement from the Poultry Industry Committee of Ontario. "Distributors will be hard pressed to take care of all demands."  
 "Producers can count on these as what they should ask for—and get—dressed, F.O.B. country processing plants: Chicken, Grade A Milk-Fed—30c per lb.; Grade A—28; Grade B Milk-Fed—25; Grade B—26."  
 It will pay well, this year, to raise and finish your cockerel chicks. Many people make the cockerels pay the full cost of raising the pullets and with reasonable luck you should be able to do the same.

## ON THE EYE OF SAN FRANCISCO TALKS

Contributed by a senior pupil at St. John's school

Uppermost in the mind of every true citizen should be the realization at all times that he has a duty to his country. At present that duty is urgent and we must give our support to those who are trying to bring about a true and lasting peace. This obligation was placed clearly before us by our pastor, Rev. Dr. Muckle on the last two Sundays.

On Sunday, April 15, Dr. Muckle spoke on the great loss to the world in the death of the president of the United States. He said that President Roosevelt would be missed greatly by the people of the world as well as his own native country. He was a true statesman and a thoroughly good Christian.

At the end of mass, a two minute silence was observed for the late president during which time many a fervent prayer was said for the happy repose of his soul.

On the Sundays fifteenth and twenty-second prayers were said for the members that are to take part in the San Francisco conference. These men are all keen on accomplishing the best for the world, but, without the earnest help of our prayers their task could be a very difficult one. On the decisions of that conference depends the peace of the world, so let us support them, here at home with daily, earnest supplication to God.

An example was set us last Sunday when Dr. Muckle offered the Holy Sacrifice of the Mass, the greatest of all prayers for a successful outcome of the conference. The mass being the principal act of Catholic worship, we realize we have given our leaders in San Francisco the greatest help possible and shall continue to do so.

With God regulating from above, the statements doing their utmost at the conference and we at home praying for them, we soon hope to have a sure and speedy victory.

## Situation Is Critical, Property Chairman Says

"Aurora is facing a critical housing situation," Councillor Rod. V. Smith, chairman of the town property committee, told The Era and Express this week. "It might be necessary for us to ask to be included in the restricted movement area, as in the Toronto and suburban districts."

"We could readily sell town lots and there are dozens of people waiting to build, but they cannot secure contractors to take on the work. The contractors in turn cannot get the necessary labor, and many are booked well ahead. Property is commanding a good price, and many people are selling houses they have formerly rented. About 25 or 30 families have to move and most of them have no idea where they will go. This includes some per-

sons who have resided in town for years."

Mr. Smith feels, however, that there are many citizens who have homes big enough to share with those needing accommodation, as well as many who would at least rent out rooms.

"Anyone able to ease the situation is asked to make it known," said Mr. Smith. "While we welcome newcomers to town, it may be necessary to ask the rent controller to step in to protect citizens here from finding themselves without accommodation. We are not alone in this as many municipalities close to Toronto are finding the same situation."

The housing situation will likely be considered by council at its next meeting, Mr. Smith said.

## Raymond Cook, 20, Dies, Was Student Minister

Raymond Charles Cook died suddenly at York County hospital on Monday. One of Aurora's most popular and most promising young men, Mr. Cook, who was in his 21st year, was the son of Mr. Charles Cook, Yonge St., Aurora, and the late Mary Cook, and was born in Aurora. He attended Aurora public and high schools, at the latter institution being a champion orator and debater and an officer in the cadet corps. He was also a member of Aurora Boys' band and was a well known trombone soloist. He won several medals for his playing. He organized his own brass quartet, which rendered sacred music at many church services. He was a member of Aurora United church choir and was prominent in the Y.P.U.

Upon completing his high school course he decided upon the ministry for a career, being sponsored by Aurora United church. He commenced his studies at Victoria University. Last year he spent the summer at Neidpath, Sask., in the mission field and this year was scheduled to go to Big River, Sask. He was president of his year Victoria '46 at University, and was also prominent in student activities.

A private funeral service, with Rev. Roy Hicks in charge, was held at the family residence, prior to the public service on Wednesday afternoon in Aurora United church. Rev. Stephen Mather, chairman of the Toronto centre presbytery of St. James' Bond church, and Rev. Harry Mellow, Leaside United church, were in charge of the service. In attendance were many prominent ministers of the United church and officials of Victoria University, as well as fellow students.

The pallbearers were classmates, Clifford Cornett, Richard Craddock, John Truman, Keith Blair, Noor Hassanali, and Howard Matson of Schomberg. Classmates also acted as ushers and flower bearers, and formed a guard of honor.

Interment was at Newmarket cemetery.

### AURORA R.C.O.C. OVER TOP IN EIGHTH LOAN

Aurora R.C.O.C. depot has set an example to Aurora and North York citizens by going over the top in the Eighth Victory Loan the first day the loan opened. Each year the combined efforts of civilian workers and military personnel have put the plant well in front of their objective.

Last year, with an objective of \$15,000, over \$18,000 was subscribed. For this loan the objective was boosted to \$21,800, but it made no difference, a total of \$23,200 being subscribed. There is a possibility this may be slightly increased. The plant has reached 106.9 of their objective.

The plant committee consisted of Robert Curry, chairman, Q.M.S. Amby Cotton, Robert Dobson, Sgt. "Red" Canning and L.-Cpl. E. Nusca.

## Hon. Capt. Burnett, Sgt. W. Stephenson Win Decorations

Released this week by the department of national defence is the inside story of how two Aurora men won decorations in Italy. The citations are those of the Military Cross won by Hon. Capt. W. W. Burnett, Metcalfe St., and the Military Medal of the late Sgt. Wesley Stephenson, who was killed in action with the Irish Regiment in Italy on Jan. 4 of this year. Capt. Burnett returned home to Aurora, where his wife has taken up residence, in January, and is still taking treatment for his wounds. He was attached to the New Brunswick Hussars in Italy.

The heroism of these two gallant soldiers is told in the following short citations:

"On Sept. 1, 1944, during action north of the Foglia River, Capt. Burnett took a burial party of six men forward in a Honey tank. Operating just in rear of tanks in action, he gave every possible assistance to the wounded, besides carrying out his duties of burying the dead. Up to the time he was wounded he worked tirelessly under heavy enemy shell fire with no thought of personal safety."

"They were engaged in burying the dead when an exploding shell killed two, wounded Capt. Burnett and the other members of the party. An officer of a Canadian field regiment attempted to give first aid to Capt. Burnett but he insisted that the others be attended to first, although his arm was broken, he had lost a thumb and two fingers and suffered a severe wound in the stomach. Throughout this action Capt. Burnett displayed

an example of gallantry and devotion to the spiritual and physical welfare of his troops which was far above the normal call of duty."

"On Sept. 2, 1944, following the entry of the Irish Regiment of Canada into Tomba di Pesaro, the town and road on either side of it was very heavily shelled, causing many casualties."

"Sgt. Stephenson, the chief medical assistant at the regimental aid post, in the centre of the town, received many calls for medical assistance. On three occasions when the shelling was at its worst, rather than detail a man to go out into the barrage, he quietly called for a volunteer to accompany him and drove the jeep ambulance to the location himself."

"On the third occasion he started toward the church, which had been one of the main targets for German artillery throughout the day. As he drove along a shell burst just in front of him, throwing his vehicle into the crater and badly damaged it. Sgt. Stephenson escaped injury and continued down the road on foot until he found an abandoned jeep which he drove to the location of the casualty. He dragged the wounded man from his vehicle, performed emergency first aid and returned safely to the regimental aid post."

"The determined and courageous behaviour of this medical orderly saved the wounded man's life and his devotion to duty and calmness under fire has earned him the confidence and respect of all ranks in the battalion."

## Ewart Flintoff, Charles Rowe Return To Homes

Bdr. Ewart R. Flintoff, Orillia, a former Aurora boy, is home from overseas. He enlisted two days after war broke out and went overseas in December, 1939.

He is seeing his little daughter, Karen, who was born five months after he left Canada, for the first time. He has recovered from his wounds. He surprised

his family, including his sister, Mrs. J. Cook, Toronto, by walking in unannounced.

Flt.-Lieut. Charles Rowe, son of Mrs. Bert Rowe, Gurnett St., arrived home from overseas early last week. Flt.-Lieut. Rowe has been on active service since 1940, and a little over a year ago made his first trip home.

He expects to report to Trenton at the end of his leave. He has had two operational tours over enemy territory, over 60 operational flights in all. A brother, Sgt. Ted Rowe, serves with the R.C.A.F. and another brother, Jim, is with the navy at Hamilton.

### THE PATHFINDER

#### A GUIDE TO CAREERS

By H. J. RUSSELL, M.R.S.T.,  
PICKERING COLLEGE

The Era and Express will print at intervals a series of articles by H. J. Russell, M.R.S.T., who is director of business administration at Pickering College and who prepares the work for the career planning classes. Mr. Russell has had wide experience in the field of vocational guidance, and for some time conducted a page, "The Young Man and His Problem," in one of Canada's national magazines. The articles will be brief and will be written for use by young men and young women. Associated with each article will be a few questions and vocational problems that can be used for personal study or by classes. High school teachers, students, and any others who may be interested, are invited to send their vocational inquiries to Mr. Russell, in care of this paper.

#### ARTICLE ONE

Vocational guidance can be very useful in the lives of students, and comparatively free from the danger of misdirection if we resist the temptation to say: "My boy, there is no doubt about it, you ought to follow a profession," and say, instead "Here's an interesting plan of finding out what people do to earn a living. Suppose we form a kind of committee to study the situation and compare ideas on what we should like to do when we face the question 'What Shall I Be?'"

How should a vocation be chosen? Well, a formal answer would run something like this: A vocation should be chosen by guidance and by personal exploration because of a call to, or a sense of fitness for, a particular career or occupation.

Notice in the preceding para-

graph the word "exploration" because the difference between exploring and drifting is very great. Planning will not solve all the problems of a career but in this age most authorities are agreed that some planning is desirable. Now planning involves exploring. An explorer does not know what may turn up but he has in mind certain important objectives and he collects all the data that he can to help him get the results he is after.

"Where there is no vision, the people perish" and where there is no guidance in careers a lot of trouble can occur. Here is an interesting conversation from a novel, The Wayward Man, by St. John Ervine.

Mrs. Dunwoody and Robert returned to Belfast at the end of their holiday in some anger with each other. Their discussions, however they might start, ended with the obstinate assertion that he was determined to be a sailor.

"It's no use talking," she said, "I've planned your career!"

"Amn't I to have any say in it, then?"

"At your age. What do you know what you want?"

To conclude this short introductory article, here are a few questions for you to think about:

1. Does this represent a common kind of incident in homes?

2. What do you suppose Robert did ultimately?

3. What other course might Mrs. Dunwoody have followed?

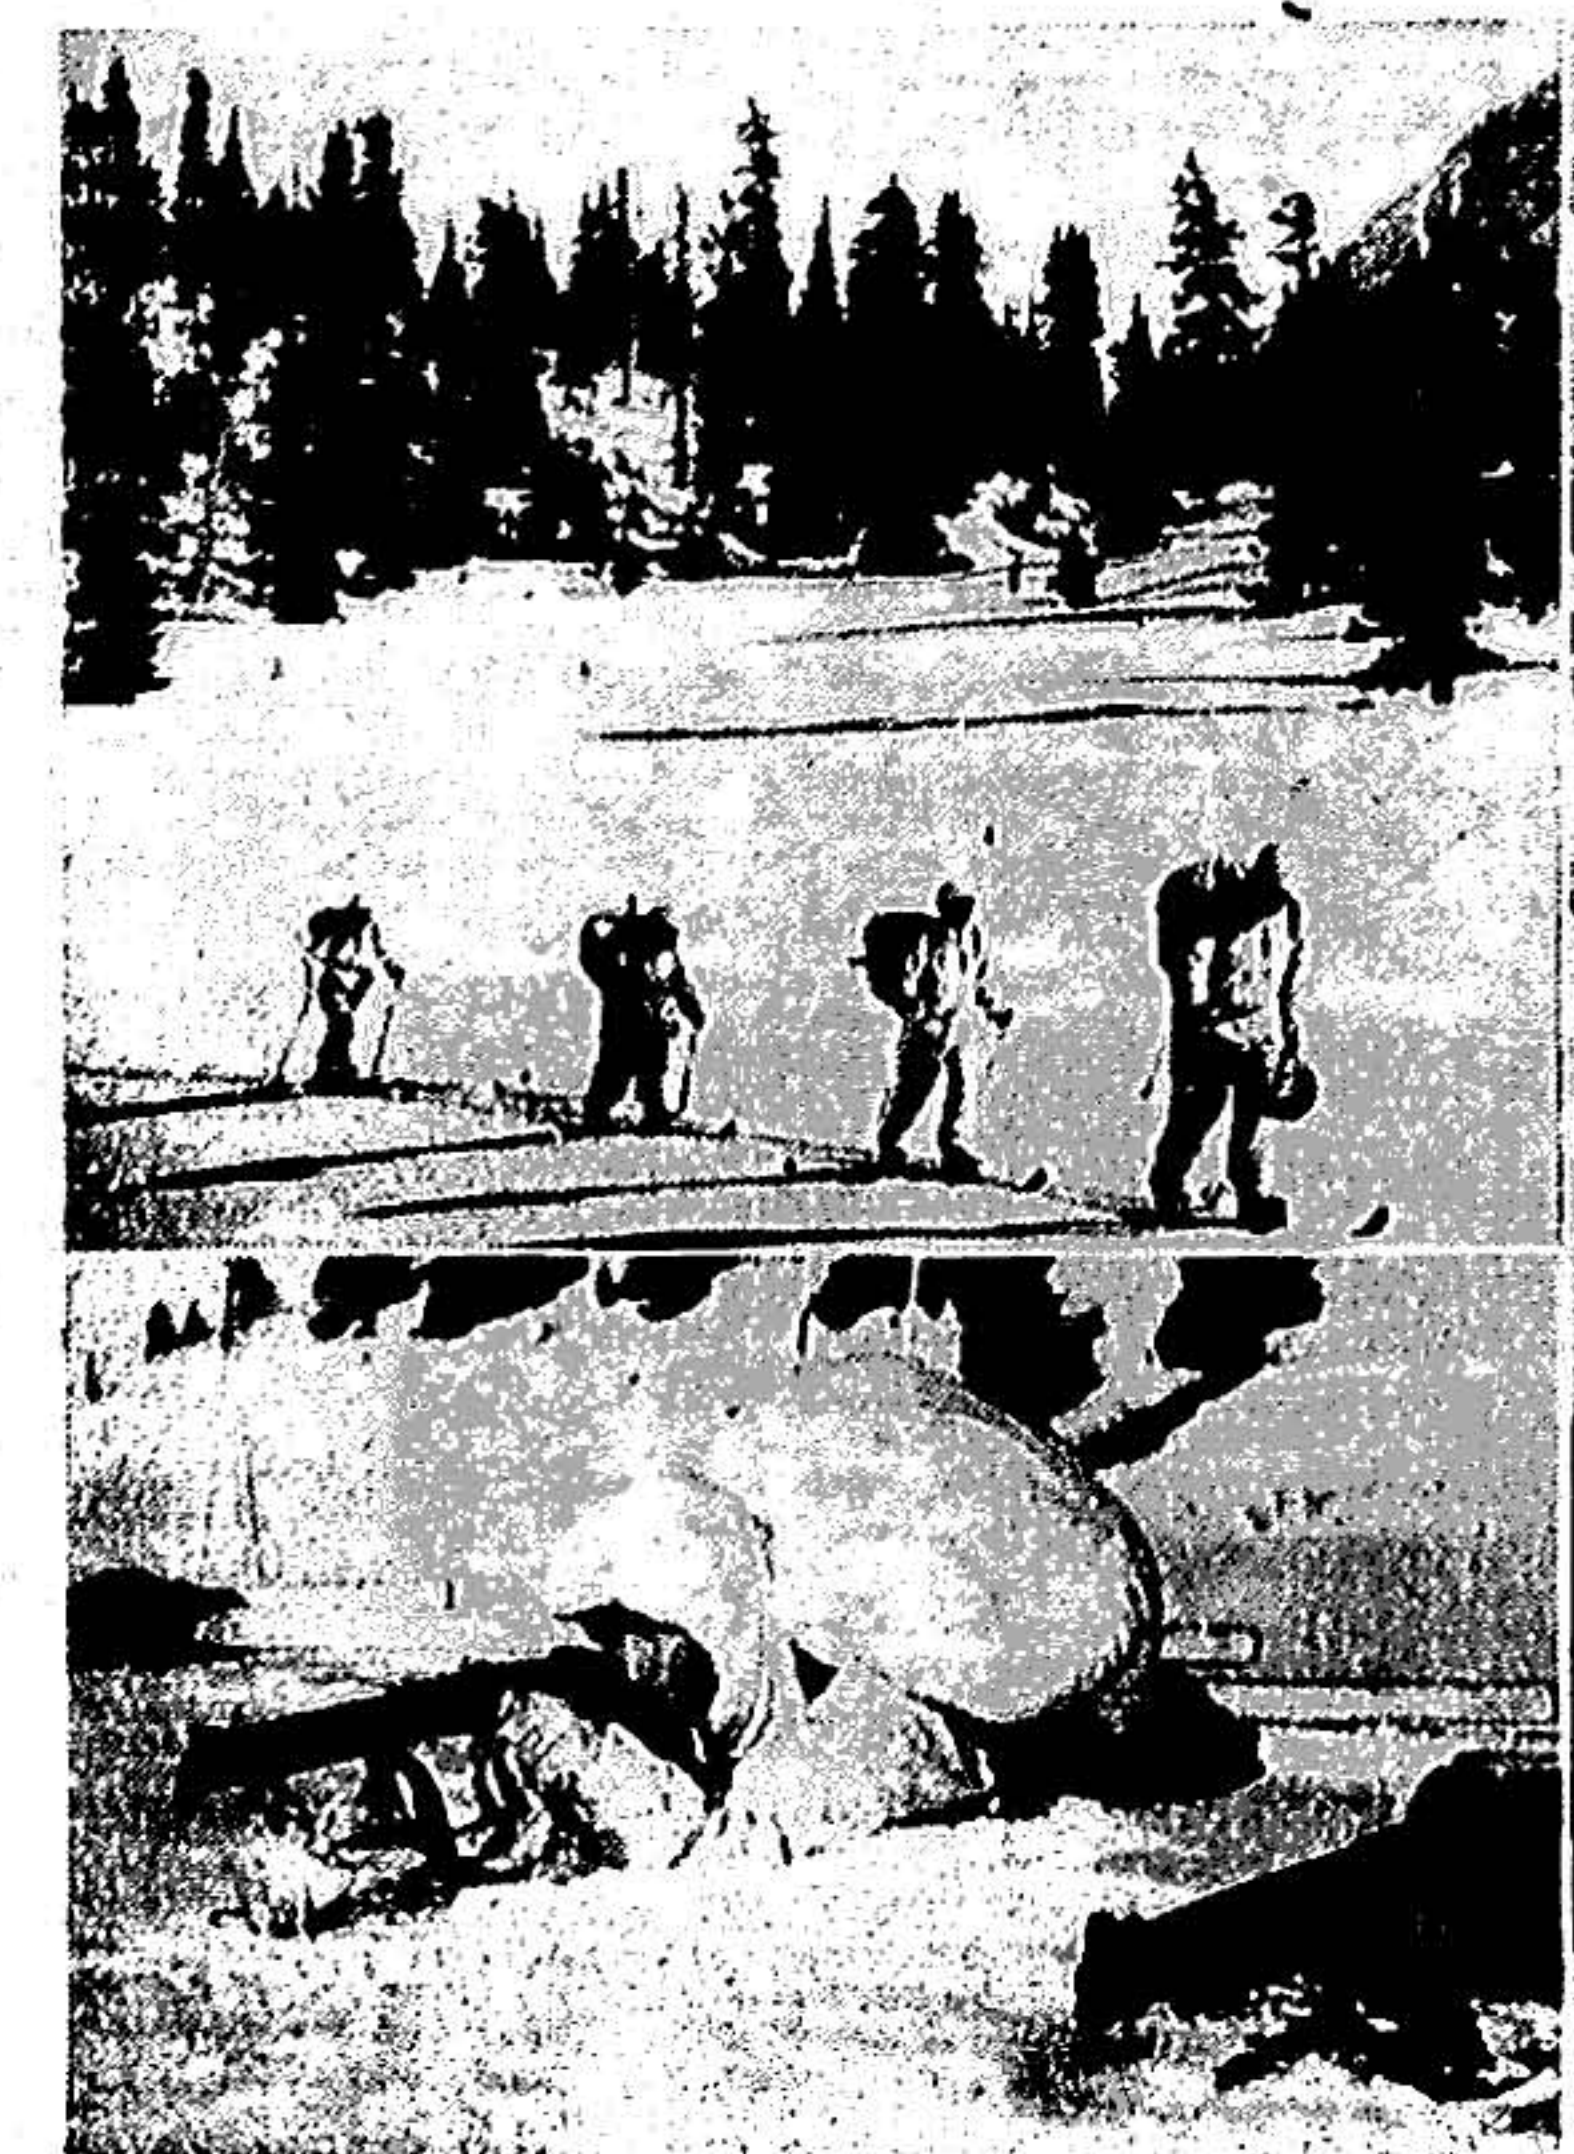

4. What would you expect your father to do in case he found himself opposed to your selection of an occupation?

5. What might be the wisest plan to follow should such a conflict of ideas arise?

If there are any particular points in vocational guidance that you would like to have discussed or if you would like to get some information about specific occupations, please send your ideas in a letter to the editor.

More than one out of every four Canadians—men, women and children—bought 7th Victory Loan bonds out of their savings and earnings. Their total investments exceeded 750 million dollars—more than half of the entire loan objective!

### You Bought Bonds for Many Reasons

To help the war effort—to curb inflation—to build post-war security—but mainly you bought because, as patriotic Canadians, you knew that the very best you could do to help was to save and invest ALL you could. These fighting men are also buying bonds overseas.

## THE RACE OF LIFE IS ON

Each year more and more farmers start their chicks on SHUR-GAIN Chick Starter than ever before. There's a reason why each year more chicks are started on SHUR-GAIN than on any other feed—in fact, there are several reasons.

1. Chicks like a fresh, tasty feed. If they like their feed they eat more and grow faster. Chicks like SHUR-GAIN Chick Starter because it's made so fresh, it's ground so carefully and it's made of only the finest and most palatable ingredients.
2. Chicks need a finely-balanced combination of feed materials with particular attention paid to the correct amounts of vitamins, minerals and high quality animal proteins. Chicks grow and thrive on SHUR-GAIN Chick Starter because it's made accurately and specifically for their needs.
3. There's solid value given for every dollar spent. You pay for no expensive frills, you get full value for every cent you spend for your chick starter when you buy SHUR-GAIN. SHUR-GAIN Chick Starter is made locally, thus cutting out all the extra costs of handling, hauling and middlemen's profits.

Grow better chicks for less money, the SHUR-GAIN WAY!

Our Ford runs like new!

Our Ford runs like new!

Long life... low upkeep  
...the Ford V-8 Engine

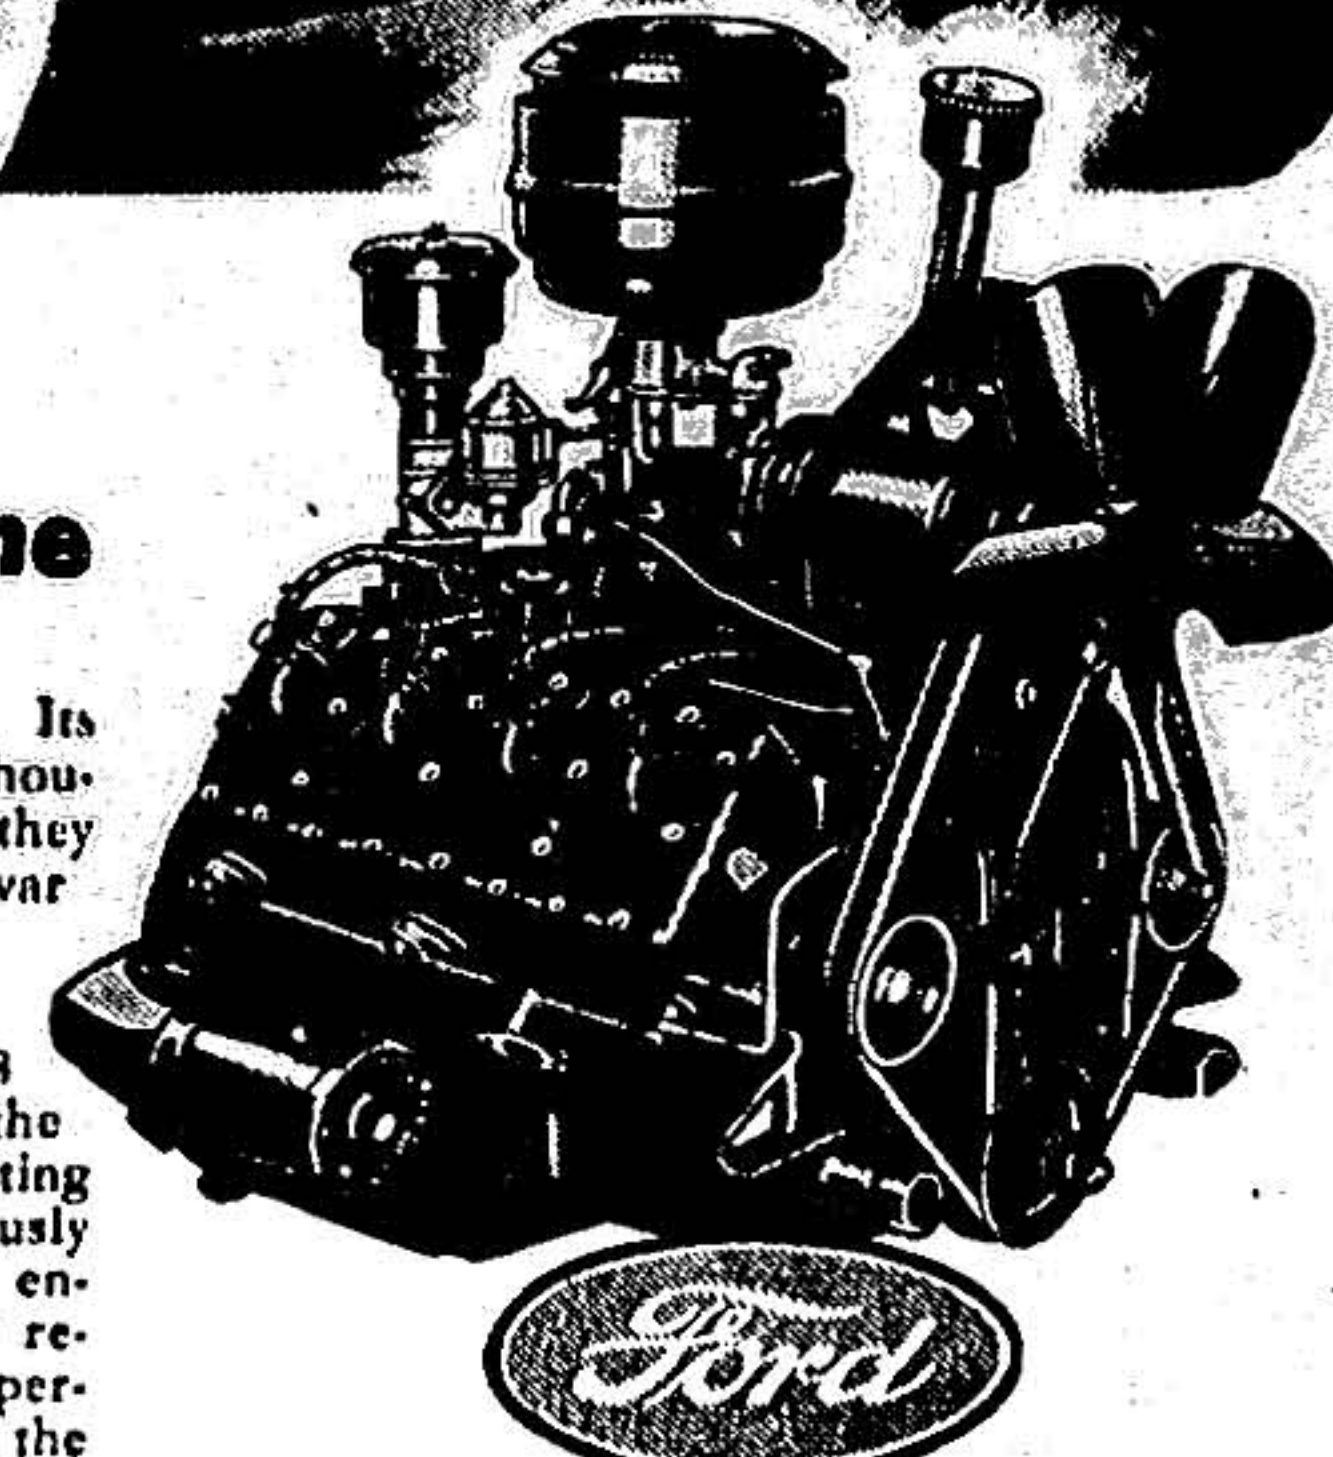

ALL THE FORDS on the road today are growing old—there have been no new ones made since 1942. The amazing thing to owners is how well they've stood up all through the war.

In many cases they haven't had the best of care, for many of the skilled mechanics who formerly tuned them up regularly are in the armed forces, and Ford dealers must give priority to the servicing of essential transport.

The way Ford cars have kept on doing their duty during the war years speaks well for the way the Ford V-8 engine is engineered and built. Its rugged simplicity

has meant low upkeep costs. Its fuel economy has made thousands of Canadians thankful they owned a Ford when the war came on.

Will the post-war Ford be powered with the same V-8 engine? Yes, a V-8 with all the battle-tested refinements resulting from the war years. Continuously since 1942 Ford of Canada engineers have developed new refinements to enhance the performance of the V-8 engine in the war zones. In the post-war models all these engineering advancements will be offered to you at once.

A submarine attack which dis-  
abled a Canadian naval frigate  
and a merchant ship in the St.  
Lawrence River last autumn  
with a loss of three lives has  
been disclosed. It is the first  
enemy submarine reported in  
that Canadian area since 1942  
when 20 merchant ships were  
sunk.

With a view to curbing more  
effectively the damage they do  
salmon fisheries, the Canadian  
bounty on Pacific coast hair  
seals has been doubled to \$5 a

Last Friday, the senior girls' oratorical contest was held in the assembly hall at 9 a.m. The speakers were Berta Horner, who spoke on the Life of Harry Truman; Pat Ross on Race Prejudice and Virginia VanZant on Professions Open to the Young People. The judges were Miss Fry, Miss King and C. H. Jamieson, who gave the judges' decision. The awards were made in the order named. Bob Spears, president of the Literary Society, presided. While awaiting the decision, the assembly listened to the Breakfast club.

The Easter examination results were returned this week with many a groan, sigh and cheer. We rather suspect the groans and sighs drowned out the cheers. George Blake, former student of the high school, now serving in the Merchant Marine, wrote last week to Mrs. Morgan who used to try and "pound" French into his head. He said that he had been to Panama, Cuba and other parts of the West Indies, and that Allan Bunn of Roche's Point is on the same ship.

Last Saturday, the boys who went to Sharon to plant trees, came home early because of the snow storm.

On Wednesday the assembly was addressed by Mr. McGill who in a very enthusiastic speech asked that everyone who possibly could to volunteer to help on the tag day for the Canadian National Institute for the Blind on May 5. Mr. McGill spoke sincerely and with understanding as he has lost his own eyesight.

Mr. Lockhart announced Tuesday that the school would hear a talk by a returned serviceman from Newmarket on Friday. "Official sources" have not yet disclosed who the speaker is.

Brigadier Keith Takes  
Special S.A. Service

Brigadier and Mrs. A. Keith of the Salvation Army will be in Newmarket on Sunday, May 6, at special services at the Salvation Army Citadel. With Brigadier and Mrs. Keith will be the Dovescourt Women's Trio.

Brigadier Keith is territorial young people's and candidates secretary of the Canadian territory in which is included Bermuda and Newfoundland and is also the provincial commissioner of the Boy Scouts Association for Life Saving Scouts of Canada.

Brigadier Keith was born in

BRIG. A. KEITH

the cradle of the International Salvation Army, London, England, a son of early day Salvation Army officers. He came to Canada in his middle teens and graduated from the Toronto Training College in May, 1914.

A member of the famous Canadian staff band, he is a survivor of the Empress of Ireland disaster in which over 30 members of the band lost their lives.

Brigadier Keith has held various positions, including field and divisional appointments as young people's secretary and divisional commander, private secretary to chief secretary and territorial commander and chief side officer for men on the training college staff.

He has had considerable to do with Salvation Army music in Canada, having been a member of the headquarters' staff quartet for 12 years and for seven years conductor of the famous Congress

D-DAY EFFORT

(Continued From Page 1)

the flak was intense but out of 86 planes, we lost only two.

"When we are in the plane there are two signals. The first is a red light which means there is only three seconds to go before we jump. Just after the red light went on our plane was hit by flak and the pilot was forced to take evasive action. We were thrown into a heap. We no longer scrambled to our feet when the plane lurched again and we went down a second time. We got to our feet just as the green light went on and we jumped.

"We jump from 800 to 500 feet up and we are in the air from 30 to 45 seconds but it seemed an age. I saw that I was heading for a river and sure enough, I landed right in the middle of it. I got ashore and joined my men. For two weeks we were behind the enemy lines before we joined the men who invaded France by sea. During those weeks we did our jobs which consisted of blowing up two bridges, wrecking a power plant and heating up a village held by over 100 Germans. We suffered heavy casualties during those two weeks.

"After we joined the men from the beaches, we fought with them as far as the Seine River. I was wounded and had to be evacuated. I was taken on a Red Cross jeep through the enemy lines to an evacuation camp on the beach. I was sent across by water to England and to a base hospital.

"Of all the services in the army I have the highest admiration for the medical men. They did wonders in handling the wounded. They even parachuted medical men with penicillin and blood plasma to us."

After Major Fuller was recovered he rejoined his outfit in time to be thrown into action during the Runstedt offensive at Christmas. Following this action he and his men were returned to England to train for the Rhine crossing. The day he was scheduled to leave word came through that he was being given leave and he returned to Canada.

"In closing," he said, "there is one point I would like to stress about the victory loan. I cannot see victory as only a proclamation. To my mind victory is when every Canadian soldier is returned home and in a job. That takes a lot of money. Then there is the cost of rehabilitation and polling. Germany. That takes money too. So when I hear someone say that they don't see why they should buy bonds with the war so nearly over, it just doesn't make sense."

Major Fuller was introduced by R. C. Morrison and thanked by President Herman E. Gilroy.

MRS. BRIG. KEITH

Chorus. He was a Songster leader and a lecturer on the Army Song Book at the training college for a number of years.

Brigadier Keith was given his present appointment in September, 1939, and has since travelled across Canada and to Newfoundland each year in the interests of children's and youths' work.

His wife is a native of London, Ont., and before her marriage was a member of the headquarters' staff choir and orchestra and secretary to the Salvation Army Training college principal. She has taught theory of music at the annual territorial music camp and is co-editor of two half-yearly youth work books used in Salvation Army Sunday-schools and youth activities. She is also a member of the Bible Society Women's committee.
